An Arrest Made in the Rahway Murder Case.

Revival of a Sensational Murder Committed in 1887.

mely Young Woman Found in ely Road, Dend-A Twelve-Year d Girl onkes a Confession Im-pileating Her Father.

RAINAY, N. J., Dec. 16.—James Frountt was arrested here Wednesday night for the nurder of the comely young worth and the more of the comely young worth who have been dependent on the morning of Saturday, March 36, 1887, in sincely road leading to the village of Mitton, two miles west of titled, although viewed by thousands from all parts of New Jorsey and New York! The murder is commonly known as the "Rahway Mystery."

parts of New Jersey and New 107s; The murder is commonly known as the "Rahway Mystery."

This is not Froman's first connection with the murder. He was first crossed on the evidence that would have warrant-ed holding him, he was allowed to go. He has been under surveillance ever since, however, Just what evidence the authorities have against him Chief Tooker, who made the arrest, refused to tell.

It is said that Froustr's 12-year-old daughter has made a confession as to the actions of her father on March 25, 1857, when here was a party at Froustr's house. The Frountt'pirit tells of a strange and pretty young woman who was at the party, and her description tallies with that of the murdered girl. The authorities will neither deny nor affirm this story, but say that the arrest was made upon evidence already in their possession, and that which they gained within a few hours previous to Froustr's arrest.

resined within a few hours portroust's arrest.

The murder has been one of the foremost of New Jersey's "mysteries," and the confession of Frountt's daughter, together with the evidence gained at the coroner's inquest at the time, would fasten a strong chain of circumstantial evidence about the prisoner.

PENSION PAPERS.

dred Millions of Dollars Reg for Newt Year.

There appears to be more than usual interest attached to the forthcomfing-annual report of the Commissioner of Pensions for the reason that the pension appropriation figures conspicuously in the annual budget of the Government. It has been pretty well understood for some time past that the estimates for the next facal year would show a large increase over any previous year. This expectation was based on the fact of the large issue of pensions during the year consequent upon recent pension legislation, which admitted to a pensionship total the pensionship of the form of the pensionship of the pensionship of the pensionship of the Pension Office will be completed and a full statement of the condition of the Pension Office will be presented. The statements have been made that the amount that will be required for pensions during the act in the pensionship of the pensions during the over the compiling the figures is, however, sufficiently advanced to show that this estimate is in excess of the actual requirements.

Since the passage of the Disability bill in the attached the passage of the Disability bill in the attached the passage of the Disability bill th

Since the passage of the Disability bill there has been a rapid increase in the amount needed to pay the pensions. For the years 189-9 the total appropriation on account of pensions was about \$125.

Mon. The pensions was about \$125.

Mill state in his report, this amount fell short of the actual demands by about \$125.

Mill state in his report, this amount fell short of the actual demands by about \$125.

Concrete will be acted to make on

\$18,000,000, so that there is a deficiency of that amount.

Congress will be asked-to make an appropriation of \$180,000,000 for the coming faced year, about \$18,000,000 of the coming faced year, about \$18,000,000 of the hast year.

It is the judgment of the standard of the last year. It is the judgment of General Raum, that, while this amount is likely to be increased for the next year or year, yet he feels confident that the maximum limits are nearly reached. It is aggined that the great bulk of the pension appropriation at present is used in making first payments, earrying arrears, and applications under the Disability act is over a spid decision in first payments are year, and the course of the back payments has year aggregated over \$20,000,000, which covered the back pay in the \$11,000 cases allowed.

SHOT INSTANTER.

President Hippolyta Nakes Quick Work of Would-be Assassion.

PANAMA, Dec 16.—The report of an attempt to assassin president Hippolyte, of Hayti, is confirmed by reliable advices that have reached here. The president ordered that the prisoner, having openly confessed his guilt, should be shot at once the control of the president ordered that the prisoner, having openly confessed his guilt, should be shot at once at the sentries who were stationed at the entrance of the palace should also be shot. The orders were at once carried out and the condemned persons were shot to death in the garden of the palace. The sentinel who had detected and seized the assassin was munificent. The firing, when the condemned men were executed, was heard in the adjoining part of Port-au-Prince and aroused much excitement, it being thought at first that a revolution was being attempted at the palace. When the facts became known the president's settled was generally approved.

Sr. Paut, Minn., Dec. 10.—William J. Woolsey seems likely to lose his false teeth by legal process. He owed believes the process. He owed to be selected by legal process. He owed to balance of Sos for a gold plate of teeth. Van Duzce obtained a judgment for this amount, which he later assigned to David Neamith, who took out an execution but gained nothing. His attorney, Walter Halcomb, filed an sificavit in supplementary proceedings.

Woolsey appeared and disclosed his possessions, among them the gold plate of teeth. Thursday Judge Otis granted the order to show cause why Woolsey should not deliver up his false teeth to Shoriff Bean or a referee, to be sold at public auction to satisfy the judgment. The matter will come up for hearing at the case attracts much attention.
